RoamAlert® Securaband™ Tag

The RoamAlert Securaband Tag provides protection for wander-prone residents. Each tag is identified by its own unique code. The system generate an Exit alarm if the tag is brought near an exit protected by a Door Controller. The Securaband Tag can be worn on the individual's wrist or ankle and is attached using the RoamAlert Securaband strap. When attached, the tag provides additional tamper-resistant protection for residents.
